« – Haïti manque de tout après son pire séisme en 200 ans...
... et le chaos règne partout.
– Le gouvernement haïtien a la responsabilité de rétablir la loi et l'ordre.
Euh... peut-être qu'Haïti manque aussi d'un gouvernement... ? »

« Haïti est le pays le plus pauvre de l'hémisphère Nord.
 Le pays n'a cessé d'être malmené par des dictateurs sanguinaires, des escadrons de la mort,
 sans parler de la corruption et du chaos politique...
 ... et ravagé par des tempêtes tropicales, et plus tard par un séisme qui a touché un tiers de la population.
 De l'avis des experts, plus aucune autre catastrophe ne pourrait porter atteinte à ce pays. »

The Caritas Network

- As a global network of Catholic humanitarian has a moral mandate to respond to the needs of victims of disasters
- All aid by a member organisation must have the up-holding of human dignity and promotion of the poorest as its first priority
- Caritas [assistance] involves not only finance, but ... dialogue, advocacy, peace building and reconciliation as well as capacity building
- Caritas acts based on the principle of subsidiarity.

CI RESPONSE TO THE NEEDS OF THE MEMBER ORGANISATIONS

- **ALERT:** Dissemination of situation reports from the Caritas (or Region) concerned on upcoming emergencies (early warning). Reports are forwarded from local Caritas through CI to the Caritas Members

- **EA (Emergency Appeal)** In principle, EAs are meant for emergency situations only. Requests and all documentation related to them are being processed in the same way and sent to well-defined mailing lists. Financial updates on all EAs are circulated monthly.
